

**PARTS LIST FOR
MY-TE SPECIAL DIVIDED DRUM WINCH-HOIST
CATALOG NUMBER AV20RHCA**

CAPACITY - 2500 LBS. DOUBLE LINE LIFT

The AV20RHCA differs from the standard 20-12 in the following ways:

- * The spur gear housing and motor are laid over 90° to reduce height.
- * The drum, frame & shafts are special.
- * There is no clutch on the AV20RHCA
- * The switch is a standard # 538121 switch.
- * These models are equipped with hand crank.
- * The AV20RHCA has the control box at the frame end.

Use this list in conjunction with the 12V Parts List.
